CDA 4205 Computer Architecture
Homework #6

Assigned: Tue., Oct. 18th, 2014   **Due**: 11 : 55pm via Canvas, or in-class, Oct. 28th, 2014.

1   Problems

Problems 4.8, 4.9, 4.10, 4.11.

2   Submission Requirements

The following requirements are for electronic submission via Canvas.

- Your solutions must be in a single file with a file name **yourname-hw6**.
- Upload the file by following the link where you download the homework description on Canvas.
- If scanned from hand-written copies, then the writing must be legible, or loss of credits may occur.
- **Only submissions via the link on Canvas where this description is downloaded are graded. Submissions to any other locations on Canvas will be ignored**.

For in-class hardcopy submission, your name must be written on every page. Your writing needs to be legible, or loss of credits may occur. All pieces of papers for your submission must be properly ordered and stapled together.
